REJUVENATING HOW SPORTS CONSTRUCTION IS DONE, TEXAS SPORTS BUILDERS AND MONDO TEAM UP!

Dallas, Texas - June 16, 2011-Texas Sports Builders teams up with Mondo, the leader in the sports flooring industry for over sixty years, to revolutionize the way athletic facilities are built. With Mondo's new innovative synthetic turf and TSB's unprecedented reputation for quality construction, this partnership is a match made in sports construction heaven.

Coming off back to back bowl appearances and a share of the Conference USA Western Division championship, Southern Methodist University chose Mondo and Texas Sports Builders to revamp the Gerald J. Ford stadium with a new state-of-the-art synthetic turf. SMU selected Mondo's new 3NX Thermo-bonded Fine Tuned Ecofill synthetic turf, which has been proven to provide a safer, cooler and better performing turf system. Construction at SMU concluded in March of this year.

Since partnering with Mondo, Texas Sports Builders have now constructed three Olympic caliber running tracks using Mondo (The Official Supplier of the London 2012 Olympics), and introduce Mondo's new FTS3 synthetic turf system to NCAA Division 1 football.
